

Tuesday - 3 July 1951

1. As a result of certain dissatisfactions arising from the meeting of the Director with Senators O'Mahoney and Ferguson on 28 June, the Director has reallocated the responsibility for the Agency's legislative program from the Office of General Counsel to Lt. Col. Hansen, Executive Secretary to the Director. Mr. Wolf has so informed Mr. Pforzheimer and Mr. Houston, and indicated that Hansen, Houston and Pforzheimer should work out detailed proposals. It is recognized that it will be very difficult to assign Mr. Pforzheimer to the General Counsel's Office for administration and to Col. Hansen for operational purposes, but at least for the time being it will be left in that category.\*

2. Discussed with Mr. Harlow and Mr. Smith, of the House Armed Services Committee staff, problems in connection with the presentation before the Committee of material regarding the new CIA building.

\* Nothing much ever came of this - Hansen's role as a public relations type was largely restricted to presentations. He never talked to Congress or went to the Hill.
